

# A New Option in Pain Control

*The Regional Block Program  
of Spectrum Medical Group's  
Anesthesiology Division*

From left: Michael Brennan, PA-C, Dr. Orion Nohr, Dr. Charles Higgins

The Regional Block Program, founded in 2002 by Anesthesiologist Charles Higgins, MD, is designed to provide postoperative pain relief after surgical procedures.

The program is managed by Drs. Charles Higgins and Orion Nohr, and Michael Brennan, PA-C (pictured above) and staffed by several other Spectrum anesthesiologists. Blocks are provided routinely during regularly scheduled hours.
